

CONGRESS TO PASS SOLDIERS' BONUS AT THIS SESSION

Passage of Law Depends on
Speed in Agreeing on How
to Get Money.

WASHINGTON, Jan. 9.—Agreement has been reached at a White House conference for the enactment of a Soldiers' Bonus Bill during this session of Congress. The measure will be acted upon by the Senate immediately after the bill for the refunding of the foreign debts is passed.

It is pointed out that the understanding that President Harding will sign the bonus measure does not represent a change in his position. According to a Senator who attended the conference, the President takes it for granted that the bonus will pass and will not offer objection. His position has never been in opposition to a bonus, but to a bonus at a particular time, it was said.

So far as known, the Treasury Department's dislike for a bonus is unchanged. There was an opinion among the conferees that Secretary Mellon would not favor it as a separate proposition; but, in view of the attitude ascribed to President Harding, Mr. Mellon is not expected to fight the bill.

How soon the measure can be passed is dependent upon the ability of members to get together on the plan of providing the money. Supporters of a sales tax hope to capitalize the sentiment for a bonus and inaugurate the new scheme for raising revenue, but are sure to run into continued opposition from the agricultural bloc.

If a way can be found to provide the bonus without any addition to the tax burden, the measure should have easy sailing. In this connection, thought is turning on the possibility of a large saving in naval appropriations that can be turned over to the ex-service men, supplemented by collections of interest and principal, or both, on the debt of foreign countries to the United States.

JOHN H. O'BRIEN GETS CITY JOB PAYING \$5,300

Fought Tammany With McClellan—
Rejoined Recently.

Comptroller Craig announced today the appointment of John H. O'Brien as Collector of Assessments and Arrears at \$5,300 a year. Mr. O'Brien succeeds Thomas F. McAndrews, who was recently appointed a City Magistrate by Mayor Hylan.

Mr. O'Brien, a native of Buffalo, made his first appearance in politics in this city in the first campaign of George H. McClellan, which he managed. Previously he had been a reporter on the New York Sun. He served as Fire Commissioner in the McClellan Administration and when McClellan broke with Tammany Hall John O'Brien led an anti-Tammany movement. This did not last long and he dropped out of politics to engage in business.

Rejoining the organization three or four years ago, he was put on the good books of Tammany. He was connected with the Transit Construction Commission when that body was legislated out of office to be succeeded by the present Transit Commission. His home is at No. 611 West 110th Street.

DOYLE TRANSFERRED TO BROOKLYN STABLES

Fire Dept. Veterinarian Receives
Reduction in Salary.

William F. Doyle, veterinarian, who was restored to the head of the Bureau of Fire Prevention last November after two indictments against him had been quashed, was today transferred to the Fire Department stables in Brooklyn, where he will assume charge of about a hundred horses. His salary is reduced from \$6,500 a year to \$5,500. It is said the Business Men's League, which boomed John F. Hylan for Mayor, wanted Doyle made Fire Commissioner. The transfer will afford considerable relief to Fire Commissioner Brennan.

The Coward Shoe

The Shoe
with a Conscience

The leather that goes into Coward Shoes is positively the best that can be procured at any price. In these days of shoddy substitutes it is reassuring to know that such a good shoe—and good looking—is to be had.

Most persons buy "style" in shoes irrespective of the leather they are made from. Coward Shoes combine sensible style with the best of leather and workmanship and are as near to perfect shoes as it is possible to make them.
